## PROGRESSIVE GROWTH OF OUR CITY.

The following Table shows the growth of our population during the last thirty-five years; in which period it appears to have grown from 8,000 to 74,000, and that, too, by those regular gradations that indicate a sound and wholesome progress. The prosperity of the city rests upon the surest of all possible grounds—steady industry and sound morality. At the present rate of progress—and we see nothing that is likely to check it—the population must approach at least 100,000 within 12 years.

## **FIRE DISTRICTS.**

### ARRANGEMENTS OF THE FIRE DISTRICTS.

The Chief Engineer of the Fire Department has recently made an arrangement of the Fire Districts, whereby more accurate information can be given by the Watchman on the Tower, and so facilitate the operations of the Department. The Districts are divided as follows :

1st. North of the Canal, bounded by Broad and High streets, on the west side of the city.

2d. South of the Canal, bounded by Broad and High streets, on the west side of the city,

3d. South of the Canal, bounded by Broad street and Railroad Avenue, on the east side of the city.

4th. North of the Canal, bounded by Park Place, Broad street and the river, on the east side of the city.

5th. East of Railroad Avenue.

6th. South of a direct line west from the Tower, and west of High and West Broad streets.

7th. North of a direct line west from the Tower, and west of High street.

To obviate all confusion and difficulty, such as has occurred hitherto, the Chief Engineer has made the following arrangement : All fires that may occur below the points mentioned in the several districts, viz :

1st District, Upper Park and James street.

2d       "       Hook and Ladder No. 1 House.

3d       "       First Presbyterian Church. Mechanic and East Fair street.

4th       "       Rector street.

5th       "       Moore & Sealy Bro.'s Hat factory & Elm.

6th       "       Court street.

7th       "       Orange street.

will be signalled from the Tower by a red flag in the day time, and a red light at night. When the fire is above the places mentioned no signal will be given.

## PIERSON'S NEWARK CITY DIRECTORY,

FOR THE  
87th YEAR OF AMERICAN INDEPENDENCE,  
FROM 4TH JULY, 1862.

*Important Observations to those using this Work.*

Throughout this Directory, the Christian names of those where there are more than one of the same surname are carefully alphabetically arranged, male and female, firms, &c. In searching for a name, the inquirer must know the proper spelling. For example, a person seeking for Pirsson will not find the one sought for if he looks in the names of Pierson, or Person; so, also, for Bonnell, he should not look among the Bonnells, or Bunnels; and for Conger, not in Congar; and for Parcels, not look in Parsals, Parceils, or Parsil; nor for Hays in Hayes.
